RE: Gary Job Corps Center  
Superfund File No. TX1161630644  
Our File No. 0111-87-H

~~GARY JOB CORPS CENTER~~

Senator Bentsen:

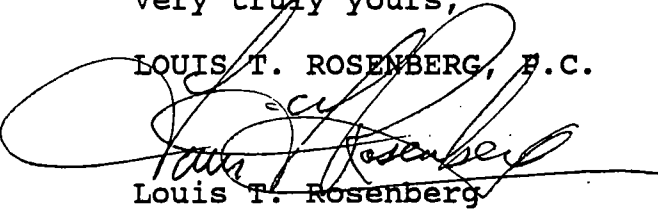

Your letter to Maxwell Water Supply Corporation Board of Directors is indeed deeply appreciated. (February 8, 1988)

Because Gary Job Corps Center pollutants were generated, at least in part, by the U. S. Air Force, Department of Defense, inquiry is specifically made as to the responsibility and dispatch that might be directed to the Department for immediate attention to management and reproval of the U. S. Department of Defense generated pollutants.

Because of your long standing interest in this area of legislation, including funding of the Superfund, may I ask for you to inquire to Department of Defense as to immediate steps to be taken to meet the Department's responsibility in this regard--and to have this effort coordinated with the Texas Water Commission, the two counties, two cities, Maxwell Water Supply Corporation and the U. S. Farmers Home Administration.

Very truly yours,

LOUIS T. ROSENBERG, P.C.
